

eHeat® Water

SELF-REGULATING PARALLEL HEATING TAPE

up to
65°C

Properties

- Self-regulating
- Cut-to-length
- Special food-safe outerjacket
- Small dimensions

Applications

The eHeat Water is a construction grade self-regulating heating tape featuring a special food-safe outerjacket which is approved for use in potable water pipes. The eHeat Water can be installed inside a pipe.

Technical data

Maximum exposure temperature (unpowered):	65°C
Maximum operating temperature:	65°C
Nominal voltage:	230V
Min. bending radius:	35mm
Min. installation temperature:	-30°C
